PUPPY WARRANTY

The adopter certifies having received the health, vaccination and deworming booklet upon pick up of his new puppy. He also certifies taking the time to examine the puppy and declaring it to be to his satisfaction. The adopter declares accepting his new puppy with all its characteristics (color, mask, teeth, eyes, etc.) as well as the possible remarks in the health booklet.

A **refund warranty** is given to the adopter for the first **30 days** of the departure of the puppy aged of +/- 9 weeks, if it dies of an **infectious disease**. We will need to have an autopsy report from a veterinary confirming the cause of death. All fees of veterinary or other will be at the adopter's expense.

A **refund warranty** is also given to the adopter if within the first **24 months** of existence of the puppy he dies of a **congenital disorder**. We will need to have an autopsy report from a veterinary confirming the cause of death. All fees of veterinary or other will be at the adopter's expense.

As genetics is an unpredictable and uncontrollable science, the breeder **will not be held accountable** in the event of cryptorchidism or unilateral cryptorchidism (absence of one or both testicles) or lack of teeth at final dentition.

The microchip number of your puppy must appear on every transmitted document.

We have put all our love, knowledge and professionalism in taking care of your wonderful puppy until its departure for its new home. Rest assured that we will be as affected as you in the event of its death. The clauses of this warranty stated above will hardly ease your pain, we are sure, but they must exist to avoid any misunderstanding or opposition of a financial nature between us.
